JSTC Works With American Cancer Society

ISD's Jobs Skills Training Center (JSTC) recently completed a project with the American Cancer Society's local affiliate, *The Little Red Door*. Students learned how to make buttons, and manufactured a thousand of them in two weeks.

The buttons were for an anti-smoking campaign to be conducted by the Black Cancer Coalition.

All the JSTC students worked hard, and some went on to become experts in the button making process.

Thanks for a job well done to:
